Programming Language:
Dart

Target Audience:
We are designing this app for the working class.

Persona: Arya is an engineer at a tech firm. Ze is a person who enjoys cooking and appreciates food. But, due to working for long hours, ze cannot spend time to remember what ze has and what ze needs to prepare zirs food.

Ze faces difficulty in:

Ze faces difficulty in:

- Keeping track of available food

Ze faces difficulty in:

- Keeping track of available food
- Planning proper meals

Ze faces difficulty in:

- Keeping track of available food
- Planning proper meals

Solutions provided by the app:

Ze faces difficulty in:

- Keeping track of available food
- Planning proper meals

Solutions provided by the app:

- Reminders and notifications

Ze faces difficulty in:

- Keeping track of available food
- Planning proper meals

Solutions provided by the app:

- Reminders and notifications
- Organized and searchable system

Ze faces difficulty in:

- Keeping track of available food
- Planning proper meals

Solutions provided by the app:

- Reminders and notifications
- Organized and searchable system
- Weekly planner

Ze faces difficulty in:

- Keeping track of available food
- Planning proper meals

Solutions provided by the app:

- Reminders and notifications
- Organized and searchable system
- Weekly planner
- Recipe Suggestions (Planning to expand to this feature)
